COST CENTRE

No reported cost centre travels

Up to now, you have planted...

3,163 Trees

Reforestation will help reverse climate change, but trees can be fragile and take time to grow, so to ensure carbon emissions are removed as quickly as possible, each tree is assigned to a share of a UN CER renewable energy program.

Trees4Travel has planted in a number of locations, Haiti, Kenya, Nepal, Mozambique. So far, we have achieved the following:

Planting **374,076**
Assigned **667,386**
Total **1,041,462**

equal to **109,518 tn**

which covers:

- 4,367,760,988 kms by train
- flying economy 639,646,106 kms
- flying business 360,954,331 kms
- driving 650,927,343 kms by car
- hiring a car for 5,318,991 days
- staying for 7,065,680 nights in a hotel
- 3,532,840 nights in a rental - that's 9,679 years!
- 115,127 economy flights from London to New York
- travelling around the world 108,989 times by train
- or a 960,684 day cruise - that's a long cruise

Today, our reforestation will cover 417 hectares or 1,030 football pitches and with your help we will continue to rewild our planet
